

Dear Friends of Rodeo

Manitoba High School Rodeo Association

The Manitoba High School Rodeo Association would like to invite you to participate in our grocery voucher fundraiser initiative.

Each year the students in our association sell grocery vouchers to community grocer customers across the province. The value of vouchers sold is given to participating grocers and in return a percentage of the value is returned to our association. Grocers that have participated in this initiative have been very pleased with the positive impact this approach to fundraising has had on their sales and the MHSRA has realized significant contributions to our budget.

The grocery voucher fundraiser offers various options related to level of participation, monetary value of vouchers, level of reimbursement, method of payment etc. and can be customized to suit your business needs.

We normally start the sale of grocery vouchers in August and have the voucher orders and money collected by mid-September. At that point the MHSRA arranges payment to participating grocers and in return the reimbursement is collected according to the agreed percentage level. Upon receipt of the payment from the MHSRA the participating business will prepare vouchers in the denominations and form of their choosing and will forward to the MHSRA within two weeks.

The vouchers are subsequently given to the students to distribute to the individuals who purchased them. The individual can then use the vouchers to purchase goods at the participating merchants.

Fundraising is essential to support the operation of the MHSRAS and is of particular importance to ensure the continuance of our student scholarship program that offers support to graduating members to continue their education.

Your participation in this initiative would be very much appreciated and the MHSRA will ensure that your business is given full credit and recognition through our various marketing and public information efforts.
